

**MAMMAL AND BIRDING CRUISE NORWAY: SVALBARD
(SPITSBERGEN) - POLAR BEARS AND SEABIRDS**

21 - 28 JUNE 2019

Polar Bear (©Pedro Rego) is one of our targets on this trip.

You arrive in the world's northernmost town, historic Longyearbyen (previously known as "Long Year City"), deep within the Arctic Circle, and we have time to explore this small city of about 2000 human inhabitants. We then depart on our cruise for the northern parts of the beautiful, remote Svalbard Archipelago (previously known as Spitsbergen). While one of our main targets will be **Polar Bear** (and other Arctic mammals), our guide is first and foremost a birding guide, so he'll certainly be constantly watching for all the special birds. We plan to visit a breeding colony of **Ivory Gulls**, we should see **Rock Ptarmigan**, and we'll also of course try for all the sea ducks and all other desirables. The scenery is truly spectacular, with all the glaciers, fjords, jagged peaks, and myriads of small islands.

PLEASE NOTE: A typical itinerary to the northern Svalbard Archipelago is illustrated below. This itinerary is for guidance only. Depending on local ice and weather conditions, the availability of landing sites, and opportunities to see wildlife, the program may vary. The Expedition Leader on board will determine the final itinerary. Flexibility is paramount for expedition cruises. Average cruising speed for the vessel is 10.5 knots.

Itinerary (8 days/7 nights)

Day 1: Birding Longyearbyen, Departure

Arrival in Longyearbyen, the capital of Svalbard, Norway, the world's northernmost city. Before the early evening departure we will explore this old mining town in search of **Barnacle Goose, Common Ringed Plover, Rock Ptarmigan, Purple Sandpiper, and Snow Bunting**. Upon setting sail out of Isfjorden, the second-longest fjord in the Svalbard Archipelago, we may see our first **Red-throated Loon** and **Common Minke Whale**. Our voyage will be on board the nearly 300-ft polar vessel Hondius, which accommodates 176 passengers in 83 cabins.

Day 2: The northern coast of West Svalbard

Along the northern coast of west Svalbard we will cruise alongside beautiful glaciers. **Polar Bear** is commonly seen here in addition to **Bearded** and **Ringed Seals**. The shoreline cliffs in Raudfjorden are home to colonies of seabirds, including **Thick-billed Murre** and **Black Guillemot**. Lush vegetation flourishes in areas protected from the weather.

Day 3: Liefdefjorden

Weather dependent, we will sail along the three-mile long face of Monaco Glacier, heading into Liefdefjorden. These waters harbor a favorite food source for **Black-legged Kittiwake**, offering spectacular views of thousands of birds. **Polar Bear** also frequents the glacier, providing photo opportunities.

Day 4: Hinlopen Strait

Navigation into the Hinlopen Strait will prove to be rich in wildlife. Today we will have opportunities to see thousands of **Thick-billed Murres, Polar Bear, Ringed** and **Bearded Seals**, and if we're lucky **Blue Whale** – the largest animal known to have ever existed. In our zodiacs we will cruise through the ice floes of Lomfjordshalvøya and will visit a huge colony of **Brünnich's Guillemots** at the cliffs of Alkefjellet. We will also attempt to land at Palanderbukta on

the island of Nordaustlandet, where **Ivory Gull** nests in addition to **Pink-footed Goose**, and **Svalbard Reindeer** (the smallest subspecies of Reindeer) and **Walrus** might be seen.

Day 5: Phippsøya

Today we will attempt to reach the island of Phippsøya, which is the northernmost point of our journey. Located in the Seven Islands, we will be less than 550 miles from the geographic North Pole! **Polar Bear** and **Ivory Gull** are inhabitants of this region. Our ship may remain in the ice pack for several hours before navigating west.

Day 6: At sea

We will return westward and continue our voyage alongside the pack ice. While watching for **Polar Bear** we will hope for a glimpse of the elusive **Bowhead Whale**. As we cruise alongside the continental shelf west of Svalbard we will pass through the foraging waters of **Fin Whale** and have decent chances of spotting **Common Minke Whale**.

Day 7: Varying destinations depending on weather conditions

Weather dependent, we will either sail into Forlandsundet, where we might encounter **Walrus**, or alternatively into St. Johns Fjord or to Isfjorden and possibly landing on Alkhorner, where along the cliffs we will look for nesting seabirds, and along the base of the cliffs **Arctic Fox** may be seen foraging for fallen chicks or eggs. We may see **Svalbard Reindeer** grazing before making a nighttime arrival back in Longyearbyen.

Day 8: Departure

We will come ashore in Longyearbyen on this last day of our journey for flights south to Oslo and from there to our home destinations.

Duration:	8 days
Limit:	The group sizes of cruises are a function of the capacity of the ship, so our usual small group size policy naturally can't apply here.
Date:	21 – 28 June 2019
Start:	Longyearbyen, Norway
End:	Longyearbyen, Norway

Price per person:	Quadruple porthole – sharing US\$4,050
	Triple porthole– sharing US\$5,000
	Twin porthole – sharing US\$5,600, single US\$9,520
	Twin window – sharing US\$6,100, single US\$10,370
	Twin deluxe – sharing US\$6,500, single US\$11,050
	Superior – sharing US\$7,350, single US\$12,495
	Junior Suite – sharing US\$7,900, single US\$13,430
Grand Suite (private balcony) – sharing US\$9,100, single US\$15,470	
Hondius Suite – sharing US\$10,500, single US\$17,850	

All cabins contain private shower and toilet, flat screen TV, telephone and internet connections, hair dryer, and ample storage space.

Price includes:

All meals throughout the voyage aboard the ship, including snacks, coffee, and tea
All shore excursions and activities throughout the voyage by Zodiac
Program of lectures by noted naturalists and leadership by experienced expedition staff
Free use of rubber boots and snowshoes
Transfers and baggage handling between the airport, hotels and ship only for those passengers on the group flights to and from Longyearbyen
All miscellaneous service taxes and port charges throughout the program
Comprehensive pre-departure material

Price excludes:

Any airfare, whether on scheduled or charter flights
Pre- and post-tour land arrangements
Passport and visa expenses
Government arrival and departure taxes
Meals ashore
Baggage, cancellation, and personal insurance (which is mandatory)
Excess baggage charges and all items of a personal nature, such as laundry, bar, beverage charges, and telecommunication charges
The customary gratuity at the end of the voyage for stewards and other service personnel aboard (guidelines will be provided)
