

MADAGASCAR: 6-DAY MASOALA PENINSULA PRE-TOUR

12 - 17 OCTOBER 2021

12 - 17 OCTOBER 2022

12 - 17 OCTOBER 2023

Helmet Vanga is a member of one of the five endemic avian families of Madagascar which we hope to find on this tour.

The Masoala Peninsula pre-tour can generate the unbelievable **Helmet Vanga**, **Brown Mesite**, and **Short-legged Ground Roller**, as well as the largest – and most bizarre – nocturnal lemur, the **Aye-aye**, and a stack more.

This pre-tour to our **Best of Madagascar: 14-day Birding and Wildlife Tour** can also be booked as a stand-alone tour. It can also be combined with our preceding pre-pre-tour, **Madagascar: 7-day Northwest (Ankarafantsika/Betsiboka Delta) Pre-tour**, and, following the main tour, with our **6-day Berenty Reserve Extension**.

Itinerary (6 days/5 nights)

*The secretive **Brown Mesite***

There are also some incredible lemurs here, including **Red-ruffed Lemur** and **Red-fronted Lemur**.
