

USA – MAINE BIRDING TOUR: SET DEPARTURE TRIP REPORT

05-13 JULY 2021

By Jacob Roalef

Always a fan favorite, Atlantic Puffins are a top highlight of this trip.

Overview

This nine-day set departure tour of Maine, New Hampshire, and Vermont commenced in Portland, Maine on the 5th of July 2021 and concluded back there on the 13th of July 2021. The tour visited many amazing birding locations including Scarborough Marsh, Kennebunk Plains, Seal Island National Wildlife Refuge, Vinalhaven Island, Acadia National Park, Messalonskee Lake, Moose Bog, and Mount Washington Auto Road.

The tour connected with many of our target birds giving us a great list for our nine days in the region. Avian highlights included a long list of breeding species such as **Upland Sandpiper**, **Vesper**, **Saltmarsh**, **Nelson's** and **Field Sparrows**, **Atlantic Puffin**, **Razorbill**, **Great Cormorant**, **Wilson's Storm Petrel**, **Roseate**, **Least**, **Black** and **Arctic Terns**, **Sandhill Crane**, **Purple Martin**, **Olive-sided**, **Yellow-bellied**, and **Alder Flycatchers**, **Canada Jay**, **Ruffed Grouse**, **Common Eider**, **Piping Plover**, **Bicknell's Thrush**, **Winter Wren**, **Broad-winged Hawk**, **Hooded Merganser**, **Purple Finch**, **Pine Siskin**, **Brown Creeper**, **Magnolia**, **Nashville**, **Pine**, **Blackpoll**, and **Blackburnian Warblers**, **Ovenbird**, and a code 3 ABA rarity in **Red-billed Tropicbird**.

A total of 148 bird species were seen (plus three species heard only), along with a few other amazing animals, including **Moose**, **Stoat** (Ermine/Short-tailed Weasel), and **Harbor Porpoise**. Species lists can be found at the end of the report.

Detailed Report

Day 1, 05th July 2021. Arrival in Portland and birding Crescent Beach

After gathering everyone from the airport and meeting at the hotel, we decided to venture out for a quick session of birding before dinner. We headed over to Crescent Beach State Park for a lovely stroll along the sandy beach. Our hour or so of birding yielded some great species including **Common Tern**, **Common Eider**, **Great Crested Flycatcher**, **Brown Thrasher**, and **Piping Plover**, with a pair of adorable fluffball chicks. From here we headed off to dinner to discuss our upcoming trip in further detail.

Day 2, 06th July 2021. Kennebunk Plains, Scarborough Marsh and Gilsland Audubon

The morning started off with a bit of birding in the hotel parking lot which netted us a stunning **Pine Warbler**, before we headed off towards the grasslands of Kennebunk Plains. This unique habitat was full of awesome birding and the weather held off nicely for us. We were treated to loads of sparrow species such as **Eastern Towhee**, **Vesper**, **Grasshopper**, and **Field Sparrows**, however the real highlight had to be a pair of **Upland Sandpipers** circling overhead and landing at the top of a pine tree! We crossed the road into another section of the plains in search of **Clay-colored Sparrow** and while we heard one singing, alas it did not want to make an appearance for us. That's the way birding goes sometimes though. We headed off for more coffee and a bit of brunch.

Our next birding stop was the expansive saltwater marsh habitat of Scarborough Marsh. This area contains a nice (and extremely popular) dike trail, cutting right through the middle of the marsh. We had a great time birding here and the sun even poked out halfway through. Bird species here included **Glossy Ibis**, **Snowy** and **Great Egrets**, **Song Sparrow**, **Tree** and **Barn Swallows**, **Sand Martin** (Bank Swallow), **Least Tern**, and we were successful with the top targets for this location, **Saltmarsh** and **Nelson's Sparrows**. We continued south to the mouth of the Nonesuch River where we set up shop to watch the tide recede and enjoy the various water birds coming in to feed. Here we managed to follow a pair of **Roseate Terns** way out over the water, really studying the plumage and identification characteristics, versus the more numerous **Common Terns** nearby. In addition to the terns, we spotted **Great Black-backed** and **Bonaparte's Gulls**, **Bald Eagle**, and **Common Eider**. Our last stop of the day took us to Gilsland Farm. This lovely nature center offers a few feeder areas and some prairie areas where we noted **White-breasted Nuthatch**, **Tufted Titmouse**, **Red-bellied Woodpecker**, **Black-capped Chickadee**, **House Finch**, and a family of **Wild Turkeys**, including ten chicks! This certainly capped off a great day of birding and from here we headed off to dinner.

This Wilson's Storm Petrel was part of a large feeding group.

Day 3, 07th July 2021. Vinalhaven and Seal Island National Wildlife Refuge

Today had us all excited as we were to catch a ferry over to Vinalhaven Island where we would meet up with the amazing Captain John Drury for an afternoon boat trip out to Seal Island National Wildlife Refuge. Before catching the 10:30 ferry out of Rockland, we made a quick stop at Wharton Point where we noted **Bobolink**, **Eastern Kingbird**, **American Goldfinch** and some beautiful scenery. From here it was off on our adventure to Vinalhaven! The ferry ride over offered us our first chance at some seabird species, so of course we were kept busy scanning. We

saw several nice birds such as **Laughing Gull**, **Black Guillemot**, **Common Loon** and **Wilson's Storm Petrel**, however most of these views were a bit distant, and so we hoped to improve upon them later.

We made it onto Vinalhaven and after a bit of lunch, we headed off towards the docks to meet up with Captain John Drury and board the *Skua*, his 36-foot vessel. On our way out, we really enjoyed chatting with John as his knowledge and personality are unmatched and he was a true highlight of the trip. We spotted several **Northern Gannets**, a few **Harbor Porpoises** and eventually became surrounded by a feeding group of **Wilson's Storm Petrels** which was an awesome experience. Eventually we arrived at Seal Island and immediately were greeted by **Atlantic Puffins**, **Razorbills**, **Common** and **Arctic Terns**, and **Great Cormorants**. We did a full loop around the island taking in the scenery and birds before we anchored the boat and waited for the star to hopefully arrive. As time was passing, John did a bit of fishing, again adding to the fun and experience and then all of the sudden, boom, Troppy had arrived! This **Red-billed Tropicbird** is quite a marvel as it has returned to this area for 17 years now and we watched as it chased terns and was chased a bit in return. What an incredible bird and an unforgettable experience. With that, we started our way back to Vinalhaven where we didn't see any new species but did enjoy the scenic route and setting sun over the amazing islands in the Gulf of Maine.

"Troppy" the famous, Red-billed Tropicbird of Seal Island.

Day 4, 08th July 2021. Back to the mainland and Mount Desert Island

We enjoyed a nice breakfast spread at the Tidewater, our local accommodation on Vinalhaven, before heading back to the mainland of Maine via a ferry ride. Similar to our ride the previous day, the ferry netted us **Black Guillemot**, **Common Eider** and the usual gull suspects like

American Herring and **Great Black-backed Gulls**. We eventually made it back to Rockland and started our journey towards Ellsworth and Mount Desert Island. After enjoying a flyby **Bald Eagle** at lunch, we spent the afternoon on the west side of the island exploring Seal Cove and Seal Cove Road. These areas produced our first mixed flock of the trip with species such as **Black-capped Chickadee**, **Brown Creeper**, **Black-and-white**, **Blackburnian**, and **Myrtle** (Yellow-rumped) **Warblers**, **American Redstart**, **Common Yellowthroat**, and **Red-breasted Nuthatch**. A bit further along the road we encountered a pesky **Blue-headed Vireo** calling but only giving brief views as well as a small group of **Black-throated Green Warblers**. It was a very pleasant afternoon of birding on Mount Desert Island. In the early evening we headed up to the top of Cadillac Mountain to enjoy some great views out over the water, including Acadia, and Bar Harbor down below. We also managed to spot a few **Dark-eyed Juncos** but the wind was really strong and kept a lot of birds down, so we headed back for dinner.

*This **Winter Wren** showed nicely for us after so many of them being heard through the woods.*

Day 5, 09th July 2021. Acadia National Park and Hurricane Elsa

We started off early in the hopes of getting some birding in before Hurricane Elsa made her way to Maine, as forecasts were indicating. We headed straight to Sieur de Monts Springs in Acadia National Park, one of the best birding locations in the park. As we arrived in the parking lot, I received the call that our second boat trip was indeed cancelled, an expected call and really it would have been hard to top our boat trip with John. So we were off on the trails, with no rain yet, exploring the mixed forest and picking up some lovely birds such as **Barred Owl**, **Winter Wren**, **Wood Thrush**, **Ovenbird** and **Red-eyed Vireo**. Towards the end of the trail, we were treated to a lovely sighting of a **Stoat** (Ermine/Short-tailed Weasel) as it bounced around from tree to tree. As soon as we loaded back into the van, the rain started, so we headed off to a

delicious brunch full of blueberry pancakes and waffles. From here we continued and drove the park loop of Acadia hoping for a break in the weather, but the rain was strong, and the fog was thick. We eventually decided to take the afternoon to do some laundry and relax a little as a nice halfway point in the tour and knowing we couldn't beat the rain and storm.

Day 6, 10th July 2021. Messalonskee Lake and Boy Scout Road

Today we said our goodbyes to the coast and headed inland towards the mountains and boreal forest of interior Maine. To break up our drive, we stopped at Messalonskee Lake, a unique location with several key target species that strangely aren't easily found elsewhere in the state. Here we encountered many great species including **Sandhill Crane**, **Black Tern**, **Warbling Vireo**, **Least Flycatcher**, and **Purple Martin**. After lunch we headed to Boy Scout Road for a fun afternoon of birding. This location is in the middle of nowhere and includes some nice bogs and forests, with minimal human traffic through it. We scored more great species such as **Nashville Warbler**, **Red-breasted Nuthatch**, **Alder Flycatcher**, **Downy Woodpecker** and **Northern (Common) Raven**. On our way back to town, we cruised down highway 16, also known as Moose Alley to locals, so of course we had our eyes peeled. About halfway down the road we spotted a beautiful female (cow) **Moose!!** These giant animals are always a huge highlight and command distance and respect. What a perfect ending to a day of birding and nature exploring.

*This gorgeous **Moose** felt comfortable with us around and allowed some amazing views.*

Day 7, 11th July 2021. Maine, New Hampshire, and Vermont birding

There are not very many locations in the US where you can bird three different locations and be in three different states, but today we did just that. Our first stop was a quick one back at Boy Scout Road in Maine to check if the birding was any different in the morning. Along the way we spotted another **Moose** on highway 16 but this time it disappeared quickly into the woods. Boy Scout Road produced much of the same from the previous evening with a picturesque **Great Blue Heron** and a **Northern Waterthrush** as new highlights. From here we ventured across the state line and into New Hampshire to bird along East Inlet Road. This area is very far north and approaches the Canadian border. Birding started off rather slowly with **Swainson's Thrush** and **Black-throated Blue Warblers** singing in the dense woods. It wasn't until our way back out that things started to heat up. It started with a **Yellow-bellied Flycatcher** and soon after a small group of quizzical **Canada Jays**, coming in to inspect us. Finally, right at the end of the road, an incredibly accommodating **Ruffed Grouse** posed beautifully for us allowing prolonged looks before scurrying away into the brush.

Our last stop of the day was just barely into Vermont at Moose Bog. This amazing and unique habitat is always a joy to wander through and bird. Down on the boardwalk through the bog, things were particularly birdy, and we had several great species including **Olive-sided Flycatcher**, **Eastern Kingbird**, **American Bittern**, **Hooded Merganser**, and a pair of **American Beavers** swimming in the water. Someone had sprinkled some seeds out along the railing and a cute, **Red-breasted Nuthatch** came down for a visit as well as a terribly angry **Red-winged Blackbird** wanting some free food. On our way back out of the bog we spotted a large **Hairy Woodpecker** and a **Winter Wren** singing his heart out like they so often do. This completed our three-state birding day and we headed to our hotel and dinner for the evening.

This Ruffed Grouse was a lifer for everyone on the trip!

Day 8, 12th July 2021. Mount Washington and back to Portland

Today was spent climbing to the top of Mount Washington, the tallest summit in northeastern USA. We worked our way up to about 4,000 feet (1,220 meters) to the preferred habitat of our top target for the day. Unfortunately, it didn't show at our first stop and besides a **White-throated Sparrow**, all we encountered were a face full of gnats! We carried onwards to the next pull off location and here the birding picked up immensely. It wasn't long before the target **Bicknell's Thrush** was spotted off in the distance, but it did take some time before we all enjoyed closer looks. In addition to the thrush, we scored goodies such as **Blackpoll Warbler**, **Dark-eyed Junco**, and **Purple Finch**. The real highlight however might have been a hilarious **Pine Siskin** constantly flying in and checking us out, only to swirl in a circle again back overhead. We all enjoyed a good laugh at this funny behavior and watched a group of four siskins forage in the stunted growth trees. We eventually made our way up to the summit and the Alpine zone where we found a nice (American) **Buff-bellied Pipit**. Once back down from the mountain we headed back towards the coast of Maine.

Our final birding stop of the trip was at Wells Preserve. This lovely park has a nice trail showcasing different habitats from woodlands to a saltmarsh and eventually down to the ocean. On our way to the beach, we encountered several interesting species including **Cedar Waxwing**, **Snowy Egret**, **Least Tern**, **American Black Duck**, and **Brown Thrasher**. We did a bit of scanning on the ocean and bagged all three US scoter species, **Black**, **White-winged** and **Surf Scoters**, all new for the trip! On the way back we spotted a **Chestnut-sided Warbler**, always a welcome sight. It was now time for our final dinner together as a group and a recap of the trip and our favorite birds and moments.

*This brilliant **Canada Jay** was a favorite of the trip.*

Day 9, 13th July 2021. Departure day

After a bit of breakfast, it was time to say our goodbyes after an incredible trip full of many birds, mammals, scenery, and memories. The favorite species for the group were **Atlantic Puffin, Ruffed Grouse, Canada Jay, Winter Wren, and Razorbill.**

Bird List - Following IOC (11.1)

Birds 'heard only' are marked with (H) after the common name, all other species were seen.

The following notation after species names is used to show conservation status following BirdLife International: CE = Critically Endangered, EN = Endangered, VU = Vulnerable, NT = Near Threatened.

Common Name	Scientific Name
Pheasants, Grouse, and Allies (Phasianidae)	
Wild Turkey	<i>Meleagris gallopavo</i>
Ruffed Grouse	<i>Bonasa umbellus</i>
Ducks, Geese, Swans (Anatidae)	
Canada Goose	<i>Branta canadensis</i>
Wood Duck	<i>Aix sponsa</i>
Mallard	<i>Anas platyrhynchos</i>
American Black Duck	<i>Anas rubripes</i>
Common Eider	<i>Somateria mollissima</i>
Surf Scoter	<i>Melanittaperspicillata</i>
White-winged Scoter	<i>Melanittadeglandi</i>
Black Scoter	<i>Melanitta americana</i>
Hooded Merganser	<i>Lophodytes cucullatus</i>
Swifts (Apodidae)	
Chimney Swift - VU	<i>Chaetura pelagica</i>
Hummingbirds (Trochilidae)	
Ruby-throated Hummingbird	<i>Archilochus colubris</i>
Pigeons, Doves (Columbidae)	
Rock Dove (Pigeon)	<i>Columba livia</i>

Common Name	Scientific Name
Mourning Dove	<i>Zenaida macroura</i>
Cranes (Gruidae)	
Sandhill Crane	<i>Antigone canadensis</i>
Grebes (Podicipedidae)	
Pied-billed Grebe	<i>Podilymbus podiceps</i>
Plovers (Charadriidae)	
Killdeer	<i>Charadrius vociferus</i>
Piping Plover	<i>Charadrius melodus</i>
Sandpipers, Snipes (Scolopacidae)	
Upland Sandpiper	<i>Bartramia longicauda</i>
Least Sandpiper	<i>Calidris minutilla</i>
Short-billed Dowitcher	<i>Limnodromus griseus</i>
Spotted Sandpiper	<i>Actitis macularia</i>
Willet	<i>Tringa semipalmata</i>
Gulls, Terns, Skimmers (Laridae)	
Bonaparte's Gull	<i>Chroicocephalus philadelphia</i>
Laughing Gull	<i>Leucophaeus atricilla</i>
Ring-billed Gull	<i>Larus delawarensis</i>
Great Black-backed Gull	<i>Larus marinus</i>
American Herring Gull	<i>Larus smithsonianus</i>
Least Tern	<i>Sternula antillarum</i>
Roseate Tern	<i>Sterna dougallii</i>
Common Tern	<i>Sterna hirundo</i>
Arctic Tern	<i>Sterna paradisaea</i>
Black Tern	<i>Chlidonias niger</i>
Auks (Alcidae)	
Common Murre	<i>Uria aalge</i>
Razorbill	<i>Alca torda</i>
Black Guillemot	<i>Cephus grylle</i>

Common Name	Scientific Name
Atlantic Puffin - VU	<i>Fratercula arctica</i>
Tropicbirds (Phaethontidae)	
Red-billed Tropicbird (Rarity)	<i>Phaethon aethereus</i>
Loons (Gaviidae)	
Common Loon	<i>Gavia immer</i>
Austral Storm Petrels (Oceanitidae)	
Wilson's Storm Petrel	<i>Oceanites oceanicus</i>
Gannets, Boobies (Sulidae)	
Northern Gannet	<i>Morus bassanus</i>
Cormorants, Shags (Phalacrocoracidae)	
Double-crested Cormorant	<i>Phalacrocorax auritus</i>
Great Cormorant	<i>Phalacrocorax carbo</i>
Ibises, Spoonbills (Threskiornithidae)	
Glossy Ibis	<i>Plegadis falcinellus</i>
Hérons, Bitterns (Ardeidae)	
American Bittern	<i>Botaurus lentiginosus</i>
Great Blue Heron	<i>Ardea herodias</i>
Great Egret	<i>Ardea alba</i>
Snowy Egret	<i>Egretta thula</i>
New World Vultures (Cathartidae)	
Turkey Vulture	<i>Cathartes aura</i>
Ospreys (Pandionidae)	
Western Osprey	<i>Pandion haliaetus</i>
Kites, Hawks, Eagles (Accipitridae)	
Cooper's Hawk	<i>Accipiter cooperii</i>

Common Name	Scientific Name
Northern Harrier	<i>Circus hudsonius</i>
Bald Eagle	<i>Haliaeetus leucocephalus</i>
Broad-winged Hawk	<i>Buteo platypterus</i>
Red-tailed Hawk	<i>Buteo jamaicensis</i>
Owls (Strigidae)	
Barred Owl	<i>Strix varia</i>
Kingfishers (Alcedinidae)	
Belted Kingfisher	<i>Megaceryle alcyon</i>
Woodpeckers (Picidae)	
Red-bellied Woodpecker	<i>Melanerpes carolinus</i>
Yellow-bellied Sapsucker	<i>Sphyrapicus varius</i>
Downy Woodpecker	<i>Dryobates pubescens</i>
Hairy Woodpecker	<i>Leuconotopicus villosus</i>
Northern Flicker	<i>Colaptes auratus</i>
Pileated Woodpecker	<i>Dryocopus pileatus</i>
Caracaras, Falcons (Falconidae)	
American Kestrel	<i>Falco sparverius</i>
Tyrant Flycatchers, Calyptura (Tyrannidae)	
Eastern Phoebe	<i>Sayornis phoebe</i>
Olive-sided Flycatcher	<i>Contopus cooperi</i>
Yellow-bellied Flycatcher	<i>Empidonax flaviventris</i>
Alder Flycatcher	<i>Empidonax alnorum</i>
Least Flycatcher	<i>Empidonax minimus</i>
Eastern Kingbird	<i>Tyrannus tyrannus</i>
Great Crested Flycatcher	<i>Myiarchus crinitus</i>
Vireos, Greenlets, Shrike-babblers (Vireonidae)	
Blue-headed Vireo	<i>Vireo solitarius</i>
Warbling Vireo	<i>Vireo gilvus</i>
Red-eyed Vireo	<i>Vireo olivaceus</i>

Common Name	Scientific Name
Crows, Jays (Corvidae)	
Canada Jay	<i>Perisoreus canadensis</i>
Blue Jay	<i>Cyanocitta cristata</i>
American Crow	<i>Corvus brachyrhynchos</i>
Fish Crow	<i>Corvus ossifragus</i>
Northern (Common) Raven	<i>Corvus corax</i>
Waxwings (Bombycillidae)	
Cedar Waxwing	<i>Bombycillacedrorum</i>
Tits, Chickadees (Paridae)	
Tufted Titmouse	<i>Baeolophus bicolor</i>
Black-capped Chickadee	<i>Poecile atricapillus</i>
Swallows, Martins (Hirundinidae)	
Sand Martin (Bank Swallow)	<i>Riparia riparia</i>
Tree Swallow	<i>Tachycineta bicolor</i>
Purple Martin	<i>Progne subis</i>
Northern Rough-winged Swallow	<i>Stelgidopteryx serripennis</i>
Barn Swallow	<i>Hirundo rustica</i>
Goldcrests, Kinglets (Regulidae)	
Golden-crowned Kinglet	<i>Regulus satrapa</i>
Wrens (Troglodytidae)	
Marsh Wren	<i>Cistothorus palustris</i>
Winter Wren	<i>Troglodytes hiemalis</i>
House Wren	<i>Troglodytes aedon</i>
Nuthatches (Sittidae)	
Red-breasted Nuthatch	<i>Sitta canadensis</i>
White-breasted Nuthatch	<i>Sitta carolinensis</i>
Treecreepers (Certhiidae)	

Common Name	Scientific Name
Brown Creeper	<i>Certhia americana</i>
Mockingbirds, Thrashers (Mimidae)	
Grey Catbird	<i>Dumetella carolinensis</i>
Northern Mockingbird	<i>Mimus polyglottos</i>
Brown Thrasher	<i>Toxostomarufum</i>
Starlings, Rhabdornis (Sturnidae)	
Common (European) Starling	<i>Sturnus vulgaris</i>
Thrushes (Turdidae)	
Eastern Bluebird	<i>Sialia sialis</i>
Veery	<i>Catharus fuscescens</i>
Bicknell's Thrush - VU	<i>Catharus bicknelli</i>
Swainson's Thrush	<i>Catharus ustulatus</i>
Hermit Thrush (H)	<i>Catharus guttatus</i>
Wood Thrush	<i>Hylocichla mustelina</i>
American Robin	<i>Turdus migratorius</i>
Old World Sparrows, Snowfinches (Passeridae)	
House Sparrow	<i>Passer domesticus</i>
Wagtails, Pipits (Motacillidae)	
(American) Buff-bellied Pipit	<i>Anthus rubescens</i>
Finches, Euphonias (Fringillidae)	
Purple Finch	<i>Haemorhous purpureus</i>
House Finch	<i>Haemorhous mexicanus</i>
American Goldfinch	<i>Spinus tristis</i>
Pine Siskin	<i>Spinus pinus</i>
New World Sparrows (Passerellidae)	
Song Sparrow	<i>Melospiza melodia</i>
Swamp Sparrow	<i>Melospiza georgiana</i>
White-throated Sparrow	<i>Zonotrichia albicollis</i>

Common Name	Scientific Name
Dark-eyed Junco	<i>Junco hyemalis</i>
Savannah Sparrow	<i>Passerculus sandwichensis</i>
Nelson's Sparrow	<i>Ammodramus nelsoni</i>
Saltmarsh Sparrow - EN	<i>Ammodramus caudacutus</i>
Grasshopper Sparrow	<i>Ammodramus savannarum</i>
Chipping Sparrow	<i>Spizella passerina</i>
Clay-colored Sparrow (H)	<i>Spizella pallida</i>
Field Sparrow	<i>Spizella pusilla</i>
Vesper Sparrow	<i>Pooecetes gramineus</i>
Eastern Towhee	<i>Pipilo erythrophthalmus</i>
Oropendolas, Orioles, Blackbirds (Icteridae)	
Bobolink	<i>Dolichonyx oryzivorus</i>
Eastern Meadowlark	<i>Sturnella magna</i>
Baltimore Oriole	<i>Icterus galbula</i>
Red-winged Blackbird	<i>Agelaius phoeniceus</i>
Brown-headed Cowbird	<i>Molothrus ater</i>
Common Grackle	<i>Quiscalus quiscula</i>
New World Warblers (Parulidae)	
Ovenbird	<i>Seiurus aurocapilla</i>
Northern Waterthrush	<i>Parkesia noveboracensis</i>
Black-and-white Warbler	<i>Mniotilta varia</i>
Nashville Warbler	<i>Leiothlypis ruficapilla</i>
Common Yellowthroat	<i>Geothlypis trichas</i>
American Redstart	<i>Setophaga ruticilla</i>
Northern Parula	<i>Setophaga americana</i>
Magnolia Warbler	<i>Setophaga magnolia</i>
Blackburnian Warbler	<i>Setophaga fusca</i>
American Yellow Warbler	<i>Setophaga aestiva</i>
Chestnut-sided Warbler	<i>Setophaga pensylvanica</i>
Blackpoll Warbler	<i>Setophaga striata</i>
Black-throated Blue Warbler	<i>Setophaga caerulescens</i>
Pine Warbler	<i>Setophaga pinus</i>
Palm Warbler (H)	<i>Setophaga palmarum</i>

Common Name	Scientific Name
Myrtle (Yellow-rumped) Warbler	<i>Setophaga coronata</i>
Prairie Warbler	<i>Setophaga discolor</i>
Black-throated Green Warbler	<i>Setophaga virens</i>
Cardinals & Allies (Cardinalidae)	
Northern Cardinal	<i>Cardinalis cardinalis</i>
Indigo Bunting	<i>Passerina cyanea</i>

Total seen	148
Total heard only	3
Total recorded	151

Mammal List

Common Name	Scientific Name
Squirrels and Relatives (Sciuridae)	
Woodchuck	<i>Marmota monax</i>
Eastern Gray Squirrel	<i>Sciurus carolinensis</i>
Eastern Chipmunk	<i>Tamias striatus</i>
Red Squirrel	<i>Tamiasciurus hudsonicus</i>
Beavers (Castoridae)	
American Beaver	<i>Castor canadensis</i>
Rodents (Cricetidae)	
Muskrat	<i>Ondatra zibethicus</i>
Rabbits and Hares (Leporidae)	
Snowshoe Hare	<i>Lepus americanus</i>
New England Cottontail	<i>Sylvilagus transitionalis</i>
Earless Seals (Phocidae)	
Grey Seal	<i>Halichoerus grypus</i>
Harbor Seal	<i>Phocavitulina</i>

Common Name	Scientific Name
Mustelids (Mustelidae)	
Stoat (Ermine/Short-tailed Weasel)	<i>Mustela erminea</i>
Deer, Elk, Mooses (Cervidae)	
Moose	<i>Alces alces</i>
White-tailed Deer	<i>Odocoileus virginianus</i>
Porpoises (Phocoenidae)	
Harbor Porpoise	<i>Phocoenaphocoena</i>
Total Seen	14
