

# BIRDING WESTERN AUSTRALIA: SOUTHWEST SPECIALTIES TRIP REPORT

# 12 - 20 OCTOBER 2023

**By Andrew Walker** 

All fairywrens are stunning little birds, the **Red-winged Fairywren** is no different and is only found in the extreme southwest of Australia. This makes it a big target on our Western Australia bird tour and is always a popular bird, given how beautiful it is.

www.birdingecotours.com

info@birdingecotours.com

## **Overview**

This birding tour of Western Australia started in Perth on the 12<sup>th</sup> of October 2023 and ended back there on the 20<sup>th</sup> of October 2023. The tour focused on the endemic birds of Southwest Australia, as well as a great number of more widespread Australian endemic birds. During this Western Australia bird tour we birded at Lake Monger Reserve, Herdsman Lake, Foxes Lair Nature Reserve, Dryandra Woodland, Stirling Range National Park, Cheynes Beach, Lake Muir, Cape Leeuwin, Margaret River, Busselton, and Nairns.

We recorded 154 bird species on this Western Australia birdwatching tour, (two of these were heard only). Some of the highlights seen included Noisy Scrubbird, Western Bristlebird, Black-throated Whipbird, Carnaby's Black Cockatoo, Baudin's Black Cockatoo, Western Corella, Western Rosella, Red-capped Parrot, Regent Parrot, Rock Parrot, Elegant Parrot, Purplecrowned Lorikeet, Wedge-tailed Eagle, Square-tailed Kite, Australian Hobby, Red-winged Fairywren, Blue-breasted Fairywren, Splendid Fairywren, Southern Emu-wren, Spotted Scrubwren, Western Thornbill, Western Gerygone, Western Fieldwren, Western Spinebill, Gilbert's Honeyeater, Western Shriketit, White-breasted Robin, Western Yellow Robin, Scarlet Robin, Rufous Treecreeper, Western Whistler, Hooded Dotterel, and Banded Lapwing. In addition to the incredible birds seen, we also found a great selection of other animals, such as Numbat, Short-beaked Echidna, Western Grey Kangaroo, Southern Right Whale, Dugite, (Southwestern) Carpet Python, and several other reptiles. Bird and animal lists for this Western Australia birding tour follow the report.

During our Western Australia birding tour, we focused on the endemic species and subspecies found in the region, such as the regionally endemic and geographically isolated campbelli subspecies of **Scarlet Robin**, a potential future split.

## **Detailed Report**

# Day 1, 12<sup>th</sup> October 2023. Arrival in Perth

We arrived in Perth in the late afternoon and had a group welcome meal in the evening, discussing the plans for the coming week of birding in the bird-filled southwest of Australia.

#### Day 2, 13th October 2023. Birding Perth and travel to Narrogin

We spent the morning birding at a couple of sites in Perth city. Our first stop, at <u>Lake Monger</u> <u>Reserve</u>, gave us lots of waterfowl, including **Musk Duck**, **Blue-billed Duck**, **Hardhead**, **Pinkeared Duck**, **Hoary-headed Grebe**, **Eurasian Coot**, **Dusky Moorhen**, **Australian Pelican**, **Black Swan**, and **Little Black Cormorant**. In the vegetation surrounding the lake we noted **Straw-necked Ibis**, **Australian Raven**, **Willie Wagtail**, **Little Corella**, **Rainbow Lorikeet**, **Red Wattlebird**, **Brown Honeyeater**, and **Australian Reed Warbler**.

After our birding at Lake Monger Reserve, we moved the short distance to nearby <u>Herdsman Lake</u>, where we had excellent looks at stunning breeding plumage **Great Crested Grebes** and **Australasian Grebes**. Additionally, we had very close looks at **Pink-eared Duck**, and good views of **Australian Shoveler**, **Grey Teal**, **Pacific Black Duck**, **Australian Pelican**, **Australasian Swamphen**, **Little Egret**, **Great Egret**, **Australian White Ibis**, **Glossy Ibis**, **Swamp Harrier**, **Whistling Kite**, and **Osprey**. Meanwhile, **Sacred Kingfisher**, **Australian Reed Warbler**, **Silvereye**, **Singing Honeyeater**, **Australian Magpie**, and **Little Grassbird** were all seen fleetingly. One of the highlights of our birding at Herdsman Lake was finding a family group of roosting **Tawny Frogmouths**, which showed wonderfully – an early tour highlight, for sure!

Tawny Frogmouth, showing how well camouflaged they can be, was a great start to the tour!

We left Perth in the late morning and made our way to Narrogin for our two-night stay. Along the way we made a lunch stop at the village of Wandering, where we found Nankeen Kestrel, Australian Ringneck, a stunning male Western Rosella, Western Gerygone, Grey Fantail, and Tree Martin.

After a brief break to check in at our B&B we visited <u>Foxes Lair Nature Reserve</u>, right on the edge of Narrogin, here we found a pair of **Square-tailed Kites** that showed incredibly well in the beautiful late afternoon sunlight. We then also had good looks at the tiny **Weebill**, **Elegant Parrot**, **Australian Ringneck**, **Red-capped Parrot**, and **Gilbert's Honeyeater**, as well as a stunning male **Scarlet Robin**, which was glowing in the last rays of the sun.

We enjoyed some excellent views of the gorgeous Square-tailed Kite in the late afternoon glow.

#### Day 3, 14th October 2023. Birding Dryandra Woodland

We spent our morning birding session exploring <u>Dryandra Woodland</u>. As soon as we arrived in the woodland we heard the distinctive high-pitched call of **Purple-crowned Lorikeet**. We set off to get into a better position to look for them and soon thereafter we were enjoying good views of these attractive small lorikeets. While watching the lorikeets we also got lots of other target species come into our view, such as **Carnaby's Black Cockatoo**, **Western Yellow Robin**, **Rufous Treecreeper**, **Western Whistler**, **Yellow-plumed Honeyeater**, **Brown-headed Honeyeater**, **Gilbert's Honeyeater**, **Varied** (Black-capped) **Sittella**, **Striated Pardalote**, **Spotted Scrubwren**, **Inland Thornbill**, and **Shining Bronze Cuckoo**. Both **Collared Sparrowhawk** and **Peregrine Falcon** were noted overhead, causing a bit of alarm amongst the other birds!

An attractive male **Blue-breasted Fairywren** gave some close views.

While birding at Dryandra Woodland, we had incredible close looks at several **Carnaby's Black Cockatoos** as they came to a waterhole to drink.

We moved deeper into the woodland, finding our first Shingleback Lizard and Western Grey Kangaroos of the tour. Then a few more interesting bird species came our way, including Bush

Stone-curlew (a pair with a young baby), Blue-breasted Fairywren, Western Thornbill, Western Gerygone, Tree Martin, Grey Shrikethrush, Rufous Whistler, Jacky-winter, Grey Currawong, Australian Magpie, Australian Raven, and Rainbow Bee-eater. Here, Wedge-tailed Eagle and Brown Goshawk were overhead too.

After lunch and a siesta, we went back into Dryandra Woodland for an afternoon birding session. We saw many of the birds listed above, with the addition of a couple of species and improved looks at others, including **Western Spinebill** and **Carnaby's Black Cockatoo**. In addition to the great birds, we also saw the Endangered (IUCN) **Numbat** (for some people in the group), **Short-beaked Echidna**, lots of **Western Grey Kangaroos**, (Gould's) **Sand Goanna**, and two snakes, a **Dugite** and a (Southwestern) **Carpet Python**.

It's always exciting to see one of Australia's "strange" animals, and **Short-beaked Echidna** certainly ticked that box!

# Day 4, 15<sup>th</sup> October 2023. Birding Dryandra Woodland and travel to Stirling Range National Park

We headed back to Dryandra Woodland in the morning (finding a pair of **Banded Lapwings** along the way), and what a great morning we had. We drove some roads around the woodland and found another **Numbat**, this one showed much better than the one we'd briefly seen the previous day, and everyone managed to see this one well. We also enjoyed watching a mother **Western Grey Kangaroo** with a joey in her pouch, and we had further looks at (Gould's) **Sand Goanna** – a sunbathing individual soaking in the first rays of the day. All very exciting!

After enjoying seeing the **Numbat** and other critters, we focused on the birds of Dryandra Woodland once again, and had a really enjoyable walk through a patch of the woodland that has served us well on past tours. Today was no exception, and we found one of the big trip targets, the

recently split Western Shriketit. We also found Restless Flycatcher, Horsfield's Bronze Cuckoo, Rufous Treecreeper, Scarlet Robin, Rainbow Bee-eater, Red-capped Parrot, and several pairs of nesting Purple-crowned Lorikeets.

We saw a Numbat foraging for termites while in Dryandra Woodland.

We enjoyed great views of a pair of Western Shriketits in Dryandra Woodland.

After finishing our birding at Dryandra Woodland, we commenced our journey to Stirling Range National Park. Along the way we found several notable birds, and these included **Peregrine Falcon** (a perched pair), **Nankeen Kestrel**, **Black-shouldered Kite**, **Wedge-tailed Eagle**, **Chestnut Teal** (a pair with very young ducklings), **Black-fronted Dotterel**, **White-faced Heron**, **White-winged Triller**, **Rufous Songlark**, **Australian Pipit**, and **Pallid Cuckoo**.

Once we arrived at our accommodation at Stirling Range National Park, we took a brief late afternoon walk around the grounds. It was quite late, but we had excellent looks at several **Regent Parrots** coming into a water bath to drink, along with **Gilbert's Honeyeater**, **Yellow-plumed Honeyeater**, **New Holland Honeyeater**, and a brief **Blue-breasted Fairywren**. A fitting end to a great day's birding in Western Australia.

#### Day 5, 16th October 2023. Birding Stirling Range National Park and travel to Cheynes Beach

We spent the morning birding around <u>Stirling Range National Park</u>. As we made our way to our first site within the park, we got distracted by several **Emus**. The first few were quite nervous, but the others, seen a bit later, showed nicely. We also had a flock of **Regent Parrots, Rufous Songlark**, **Brown Falcon**, and **Grey Butcherbird**. On arrival at our main morning birding site, we got several new birds, including **Tawny-crowned Honeyeater**, **White-cheeked Honeyeater**, **Splendid Fairywren**, and **Southern Emu-wren**. After enjoying these species, we saw the main target, **Western Fieldwren**, and it showed very well for us. **Nankeen Kestrel** and **Wedge-tailed Eagle** were overhead too. As we drove back to get a late breakfast, we found another gorgeous (Southwestern) **Carpet Python** and our first **Western Bluetongue**, a lizard full of character!

This Western Fieldwren performed brilliantly for us while we birded Stirling Range.

After our late breakfast we visited another section of Stirling Range National Park, where we found Southern Emu-wren, Western Spinebill, Brown Falcon, and more Tawny-crowned

Honeyeaters. After this short birding session, we made our journey down to Cheynes Beach. Several stops along the way yielded **Red-necked Avocet**, **Pied Stilt**, **Silver Gull**, **Australian Shelduck**, **Grey Teal**, **Hoary-headed Grebe**, **Grey Butcherbird**, **Yellow-throated Miner**, **Grey Fantail**, and displaying **Brown Songlarks**.

We took a short walk near our accommodation at Cheynes Beach, where we found several new birds, including White-breasted Robin, Red-winged Fairywren, Brown Quail, Brush Bronzewing, Red-eared Firetail, and our best looks so far of Common Bronzewing and Splendid Fairywren. A King's Skink looked rather impressive hiding in the undergrowth, our first of many over the coming days, and we had plenty of Western Grey Kangaroos keeping on top of the lawn cutting! Looking out along the beach we found Silver Gull, Greater Crested Tern, Australasian Gannet, Common Sandpiper, and Sooty Oystercatcher.

## Day 6, 17th October 2023. Birding Cheynes Beach

We spent the morning walking around the coastal heathland at Cheynes Beach. White-cheeked Honeyeaters were abundant, and many Carnaby's Black Cockatoos were flying around. We tried to concentrate on finding the three tough species of the region. Noisy Scrubbird was, unsurprisingly, heard but not seen, with a bird calling from deep within some impenetrable heath. Western Bristlebird was the first of the three skulkers to show, a singing bird which then started foraging along a shady section of sand dune. After enjoying the sighting of this one we found Black-throated Whipbird. This bird moved around us giving fleeting and frustrating glimpses, before it then clambered up to a song perch and belted out a burst of its pretty song for us.

Western Bristlebird was foraging along a shady section of the sand dunes and showed well.

**Black-throated Whipbird** initially gave us the run-around, but eventually showed nicely as it sang from an exposed perch.

While birding here, we also noted **Spotted Scrubwren**, **Southern Emu-wren**, **Red-winged Fairywren**, **New Holland Honeyeater**, **Red Wattlebird**, and **Silvereye**. Several raptors were moving around the local area, including **White-bellied Sea Eagle**, **Black-shouldered Kite**, **Collared Sparrowhawk**, **Brown Falcon**, **Nankeen Kestrel**, and **Australian Hobby**. The heat started to build considerably and so we took a break during the middle of the day.

When we met for our afternoon birding session, we were greeted by very strong winds which made birding almost impossible, the sand from the beach and dunes was getting whipped up and blown all around too. It was all rather inhospitable! We took a drive around the village trying to find some shelter from the wind, and some birds to look at, but not a lot was braving the wind. We did however see a rather cute pair of **Brown Quails** with a very recent golf-ball-sized hatchling in tow. There were not a lot of options with the wind howling, so we parked the van up and waited near a dirt track to see if we could get lucky. After about 90 minutes of waiting, with a very close **Brush Bronzewing**, a duo of **Black-shouldered Kites**, several **White-breasted Robins**, and a pod of **Indo-Pacific Bottle-nosed Dolphins** doing their best to distract us, we heard a **Noisy Scrubbird** calling not too far away. After about another 30 minutes of waiting and hoping, all of us had seen this super-skulker and major tour target! We enjoyed another fantastic dinner and a celebratory one at that. The tough trio of **Western Bristlebird**, **Black-throated Whipbird**, and **Noisy Scrubbird** all seen!

#### Day 7, 18th October 2023. Birding Cheynes Beach and travel to Augusta

Today was essentially a travel day interspersed with some birding stops, as we made our way from Cheynes Beach to Augusta, via Albany, Mount Barker, and Lake Muir. A final brief walk near our

accommodation at Cheynes Beach gave us a big tour highlight in the form of a mother and calf **Southern Right Whale** – such a huge animal and they were relatively close inshore too. Here we also had nest-building **Red-eared Firetails** and **Ospreys**, as well as a hunting **Australian Hobby**, and a **Fan-tailed Cuckoo**.

Moving on to Albany, we were treated to some simply incredible views of a stunning adult male **Red-winged Fairywren** (see trip report cover image), as well as good views of two **Spotless Crakes, Swamp Harrier, Musk Duck, Blue-billed Duck** (amazing close views), and **Australian Reed Warbler**. Here we also saw loads of nesting **Straw-necked Ibis** and **Australian Ibis**, as well as our first **Little Pied Cormorants** of the tour.

As we left the coast behind, we cut inland to Lake Muir, where a few strategic stops resulted in sightings of the Critically Endangered (<u>BirdLife International</u>) **Baudin's Black Cockatoo**, **Carnaby's Black Cockatoo**, and **Western Correla**. Here we also saw **Emu**, plenty of **Western Rosellas**, **Splendid Fairywren**, **Red-winged Fairywren**, **Inland Thornbill**, **Western Whistler**, and **Spotted Scrubwren**. There was water in Lake Muir for a change, and many **Black Swans** and **Australian Shelducks** were present. In the late afternoon we continued our journey to Augusta, our base for the night.

The Western Corellas had been feeding along the shore of Lake Muir and so were rather filthy as they flew right by us!

#### Day 8, 19th October 2023. Birding Augusta (including Cape Leeuwin) to Busselton

We had an interesting morning at Cape Leeuwin with several hundred BMX bike riders who were starting their cape-to-cape bike race. However, the distractions didn't prevent us from finding our main target bird of the morning, the habitat-restricted and range-restricted **Rock Parrot**. A pair of birds gave good close views. We then moved up the coast to the Margaret River area, where a walk

on a beach resulted in excellent sightings of three **Hooded Dotterels** at close range. Other birds noted during the morning at the coast included **Australian Pied Cormorant**, **White-faced Heron**, **Australasian Gannet**, **Pacific Gull**, **Greater Crested Tern**, **Sooty Oystercatcher**, and **Osprey**.

Rock Parrot showed very well at Cape Leeuwin.

Hooded Dotterel was foraging along a big sandy beach.

After lunch, we continued our journey to Busselton. A short stop in some beautiful Karri and Wandoo woodland near Margaret River gave us a sighting of **Common Water Rat** (Raikai), **Western Whistler, Gilbert's Honeyeater**, and several other forest species. Finally, a stop at an ephemeral wetland near Busselton resulted in good looks at **Yellow-billed Spoonbill**, **Pink-eared Duck**, **Australasian Swamphen**, and several other waterbirds.

#### Day 9, 20th October 2023. Birding Busselton and travel to Perth for the end of the tour

We spent our final day of the tour traveling from Busselton to Perth, where the tour ended. On the way we spent some time birding at a wetland in Busselton, where we had excellent views of a pair of **Musk Ducks** in a courtship display, and we saw plenty of other waterfowl, including **Australasian Shoveler**, **Hardhead**, **Hoary-headed Grebe**, **Nankeen Night Heron**, **Dusky Moorhen**, **Australasian Swamphen**, and **Yellow-billed Spoonbill**. We also had **Whistling Kite** and a flock of **Little Corellas** going over. A surprise sighting of a **Masked Lapwing** was followed by an excellent look at a couple of juvenile **Banded Lapwings**.

Two juvenile Banded Lapwings showed well for us in Busselton.

Near Perth, we called into a coastal wetland, where we were greeted by a pair of **Ospreys** at a nest. While scanning the sandflats and estuary we found **Fairy Tern**, **Caspian Tern**, **Greater Crested Tern**, **Australian Pied Cormorant**, **Eastern Cattle Egret**, **Red-capped Plover**, and **Pied Oystercatcher**. As we checked a pond near the coast, we found plenty of **Common Greenshanks**, **Pied Stilts**, and a **Buff-banded Rail**. After a final lunch, we continued our journey back to Perth, where the tour ended. Lots of great birds were enjoyed on the tour. "Bird of the Trip" was a tough one to pick, with **Noisy Scrubbird**, **Tawny Frogmouth**, **Red-winged Fairywren**, **Spotless Crake**, **Carnaby's Black Cockatoo**, and **Red-eared Firetail** all being popular.

It is hard to look beyond **Splendid Fairywren** as being one of Australia's best-looking birds. They are dazzlingly beautiful, and we enjoyed repeated sightings of this popular stunner on our Western Australia birding tour.

Restless Flycatcher gave us some great views while we were birding at Dryandra Woodland.

#### **Bird List – Following IOC (13.2)**

Birds 'heard only' are marked with (H) after the common name, all other species were seen. The following notation after species names is used to show conservation status following <u>BirdLife</u> <u>International</u>: CR = Critically Endangered, EN = Endangered, VU = Vulnerable.

Common Name	Scientific Name
Cassowaries, Emu (Casuariidae)	
Emu	Dromaius novaehollandiae
Ducks, Geese, Swans (Anatidae)	
Black Swan	Cygnus atratus
Australian Shelduck	Tadorna tadornoides
Pink-eared Duck	Malacorhynchus membranaceus
Maned Duck	Chenonetta jubata
Australasian Shoveler	Spatula rhynchotis
Pacific Black Duck	Anas superciliosa
Grey Teal	Anas gracilis
Chestnut Teal	Anas castanea
Hardhead	Aythya australis
Blue-billed Duck	Oxyura australis
Musk Duck	Biziura lobata
Pheasants & Allies (Phasianidae)	
Brown Quail	Synoicus ypsilophorus
Frogmouths (Podargidae)	
Tawny Frogmouth	Podargus strigoides
Cuckoos (Cuculidae)	
Horsfield's Bronze Cuckoo	Chrysococcyx basalis
Shining Bronze Cuckoo	Chrysococcyx lucidus
Pallid Cuckoo	Cacomantis pallidus
Fan-tailed Cuckoo	Cacomantis flabelliformis
Pigeons, Doves (Columbidae)	1
Rock Dove	Columba livia
Spotted Dove	Spilopelia chinensis
Laughing Dove	Spilopelia senegalensis

Common Name	Scientific Name	
Common Bronzewing	Phaps chalcoptera	
Brush Bronzewing	Phaps elegans	
Crested Pigeon	Ocyphaps lophotes	
Rails, Crakes & Coots (Rallidae)		
Buff-banded Rail	Hypotaenidia philippensis	
Dusky Moorhen	Gallinula tenebrosa	
Eurasian Coot	Fulica atra	
Australasian Swamphen	Porphyrio melanotus	
Spotless Crake	Zapornia tabuensis	
Grebes (Podicipedidae)		
Australasian Grebe	Tachybaptus novaehollandiae	
Hoary-headed Grebe	Poliocephalus poliocephalus	
Great Crested Grebe	Podiceps cristatus	
Stone-curlews, Thick-knees (Burhinidae)		
Bush Stone-curlew	Burhinus grallarius	
Oystercatchers (Haematopodidae	e)	
Pied Oystercatcher	Haematopus longirostris	
Sooty Oystercatcher	Haematopus fuliginosus	
Stilts, Avocets (Recurvirostridae)	)	
Pied Stilt	Himantopus leucocephalus	
Red-necked Avocet	Recurvirostra novaehollandiae	
Plovers (Charadriidae)		
Banded Lapwing	Vanellus tricolor	
Masked Lapwing	Vanellus miles	
Red-capped Plover	Charadrius ruficapillus	
Hooded Dotterel - VU	Thinornis cucullatus	
Black-fronted Dotterel	Elseyornis melanops	
Sandpipers, Snipes (Scolopacidae)		
Common Sandpiper	Actitis hypoleucos	
Common Greenshank	Tringa nebularia	

Common Name	Scientific Name
Gulls, Terns, Skimmers (Laridae	•
Silver Gull	Chroicocephalus novaehollandiae
Pacific Gull	Larus pacificus
Caspian Tern	Hydroprogne caspia
Greater Crested Tern	Thalasseus bergii
Fairy Tern - VU	Sternula nereis
Gannets, Boobies (Sulidae)	
Australasian Gannet	Morus serrator
Anhingas, Darters (Anhingidae)	
Australasian Darter	Anhinga novaehollandiae
Cormorants, Shags (Phalacrocor	acidae)
Little Pied Cormorant	Microcarbo melanoleucos
Australian Pied Cormorant	Phalacrocorax varius
Little Black Cormorant	Phalacrocorax sulcirostris
Great Cormorant	Phalacrocorax carbo
Ibises, Spoonbills (Threskiornith	idae)
Australian White Ibis	Threskiornis molucca
Straw-necked Ibis	Threskiornis spinicollis
Glossy Ibis	Plegadis falcinellus
Yellow-billed Spoonbill	Platalea flavipes
Herons, Bitterns (Ardeidae)	1
Nankeen Night Heron	Nycticorax caledonicus
Eastern Cattle Egret	Bubulcus coromandus
White-necked Heron	Ardea pacifica
Great Egret	Ardea alba
White-faced Heron	Egretta novaehollandiae
Little Egret	Egretta garzetta
Pelicans (Pelecanidae)	1
Australian Pelican	Pelecanus conspicillatus
Ospreys (Pandionidae)	Dandion haliastus
Osprey	Pandion haliaetus

	Purple-crowned Lorikeet	Parvipsitta porphyrocephala

Common Name	Scientific Name
Rainbow Lorikeet	Trichoglossus moluccanus
Scrubbirds (Atrichornithidae)	
Noisy Scrubbird - EN	Atrichornis clamosus
Australasian Treecreepers (Clir	nacteridae)
Rufous Treecreeper	Climacteris rufus
Australasian Wrens (Maluridae	e)
Blue-breasted Fairywren	Malurus pulcherrimus
Red-winged Fairywren	Malurus elegans
Splendid Fairywren	Malurus splendens
Southern Emu-wren	Stipiturus malachurus
Honeyeaters (Meliphagidae)	
Western Spinebill	Acanthorhynchus superciliosus
Tawny-crowned Honeyeater	Gliciphila melanops
New Holland Honeyeater	Phylidonyris novaehollandiae
White-cheeked Honeyeater	Phylidonyris niger
Brown Honeyeater	Lichmera indistincta
Brown-headed Honeyeater	Melithreptus brevirostris
Gilbert's Honeyeater	Melithreptus chloropsis
Singing Honeyeater	Gavicalis virescens
Yellow-plumed Honeyeater	Ptilotula ornata
Red Wattlebird	Anthochaera carunculata
Yellow-throated Miner	Manorina flavigula
Bristlebirds (Dasyornithidae)	
Western Bristlebird - EN	Dasyornis longirostris
Pardalotes (Pardalotidae)	
Spotted Pardalote (H)	Pardalotus punctatus
Striated Pardalote	Pardalotus striatus
Australasian Warblers (Acanth	
Weebill	Smicrornis brevirostris
Western Fieldwren	Calamanthus montanellus
Spotted Scrubwren	Sericornis maculatus
Western Gerygone	Gerygone fusca

Common Name	Scientific Name
Inland Thornbill	Acanthiza apicalis
Western Thornbill	Acanthiza inornata
Yellow-rumped Thornbill	Acanthiza chrysorrhoa
Whipbirds (Psophodidae)	
Black-throated Whipbird	Psophodes nigrogularis
Woodswallows, Butcherbirds &	k Allies (Artamidae)
Dusky Woodswallow	Artamus cyanopterus
Australian Magpie	Gymnorhina tibicen
Grey Butcherbird	Cracticus torquatus
Grey Currawong	Strepera versicolor
Cuckooshrikes (Campephagida	
Black-faced Cuckooshrike	Coracina novaehollandiae
White-winged Triller	Lalage tricolor
Sittellas (Neosittidae)	
Varied Sittella	Daphoenositta chrysoptera
Shriketits (Falcunculidae)	
Western Shriketit	Falcunculus leucogaster
Whistlers & Allies (Pachycepha	
Winstiers & Ames (Fachycepha Western Whistler	Pachycephala fuliginosa
Rufous Whistler	Pachycephala rufiventris
Grey Shrikethrush	Colluricincla harmonica
Fantails (Rhipiduridae)	
Willie Wagtail	Rhipidura leucophrys
Grey Fantail	Rhipidura albiscapa
Monarchs (Monarchidae)	
Magpie-lark	Grallina cyanoleuca
Restless Flycatcher	Myiagra inquieta
Crows, Jays (Corvidae)	
Australian Raven	Corvus coronoides

Common Name	Scientific Name	
Australasian Robins (Petroicidae)		
White-breasted Robin	Quoyornis georgianus	
Western Yellow Robin	Eopsaltria griseogularis	
Jacky Winter	Microeca fascinans	
Scarlet Robin	Petroica boodang	
Swallows, Martins (Hirundinida		
Welcome Swallow	Hirundo neoxena	
Tree Martin	Petrochelidon nigricans	
	T enochemion nigricuns
